

Winner of the EANA2016 Students Contest

1st place/prize: Camilla Calabrese

Title of presentation: ““High Resolution Millimeter Wave Absorption Spectroscopy: from the laboratory data to the astronomical surveys”

Winner of the EANA2016 Students Contest

2nd place/prize: Felix Matthias Fuchs

Title of presentation: “Floating in space: Influence of simulated microgravity on *Bacillus subtilis* biofilm formation – An electron microscopic study for whole biofilm analysis”

Winner of the EANA2016 Students Contest

3rd place/prize: Hannes L. Pleyer

Title of presentation: “Metalation of a Model Porphyrin in Simulated Primordial Tide Pools: Possible Prebiotic Formation of Porphyrin-Type Cofactors”
